

About

Zoom Overseas Trading Co was established in 1989 and has been in the seafood business industry for more than 35 years. Delivering quality seafood to our customers from around the world, we pride ourselves in being the pioneers of seafood export, particularly Tuna export from India. Beginning our journey with the export of Shrimp, Safela and Cuttlefish, we later added Ribbonfish and Snapper to the list in 1996. With a team of professionals and extensive expertise in processing marine goods, we have been reliable providers of fresh and frozen seafood to our growing customer base in the Middle East, Africa, Europe, Japan, Korea and other countries across the globe.

Zoom Overseas Trading Co is currently seeing the third generation of management, started by Mr. Razeem Usman who was born into a family with two decades of expertise in the seafood sector, taking Zoom Overseas to an international level and is now headed by the import and export director Mr. Aman Razeem.

With a network of exporters in major cities across India, we also support exporters that are new to the market. The exporters provide us constant support and continuous cooperation by providing quality seafood to our wide customer base. Each of our exporters maintain government standards and quality measures from the harbour to the cargos and everything in between.

Achievements

We take pride in being the pioneers of Tuna export. Being the first exporters to deliver Tuna from India to Africa back in 2004, Zoom Overseas Trading Co made a mark for itself by inventing the method of packaging and processing Tuna for exports.

ForTuna

At Zoom Overseas, Tuna is our fortune, forming over 90% of volume of Tuna from the India market. With over 20 years expertise in tuna exports alone, our experts have mastered the trade and are unmatched in the quality of this increasingly popular fish.

Zoom Overseas Trading Co were the first exporters to deliver Tuna from India to Africa almost 20 years back and we have not looked back ever since.

Our Promise

“We believe in making a difference by creating value in what we do. Our promise lies in that belief and in our emphasis on quality, sustainable growth, social responsibility, client satisfaction and innovative services”
